
– NEW PUBLICATION: A CELEBRATION OF CONTRIBUTION –

From its inaugural year in 1911, Perth Modern School has produced many remarkable students who have not only excelled academically, but as alumni have made outstanding contributions to the fields of science, medicine, politics, the arts, business, education and the law.

A Celebration of Contribution: Tales of the courage, commitment and creativity of Modernians provides fascinating biographical snapshots of over 150 former students from 1911-1963 whose achievements have benefitted the local community, the state, the nation and, in some cases, the world.

This book not only includes household names like Bob Hawke, Janet Holmes à Court and Sir Paul Hasluck, but also the stories of lesser known achievers, such as Hilda Pfister, a brilliant doctor who died after her ship was torpedoed; Sir Walter Scott, who was instrumental in the introduction of decimal currency; Frank and Constance Jones, who worked at Bletchley Park decoding Enigma messages during World War II; Stan Davey, who devoted his life to the welfare of Aborigines; Ray Dingle, who developed the quantum well laser; author and playwright Alan Seymour; Kevin Parker, who was Vice-President of the International Criminal Tribunal in the Hague and Alice Mattinson, who became matron of King Edward Memorial Hospital.

These former Perth Modern School students came from diverse backgrounds and entered disparate fields, but what unites them all is their strong commitment to community service. Theirs is a proud legacy which serves as a fine example to subsequent generations.
